

NEW VOCATIONAL COURSES

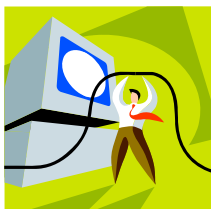

Unity College offers a range of vocational training through face-to-face and on-line delivery. Some of our courses are funded by government & are either free or highly subsidised. Some courses run through our partnership with Charity Computers.

Want to return to work but need your skills updated?

Learn the basics of using a computer. Gain skills in how to apply for a job.

This course will also provide students with a ***Certificate I in Information Technology***

Cost \$950 or free if eligible for government funding.

Get a solid foundation in using computers

This course is suitable for a wide variety of occupations. Learners will be trained in the use of Microsoft office, internet, Email, installing software applications and peripherals such as printers.

Learners who successfully complete this course will gain a ***Certificate II in Information Technology***.

Cost \$1950 or \$250 if eligible for ACT government funding under the Priorities Support Program.

Courses for working in the IT industry

- Certificate III in Information Technology
- Certificate IV in Information Technology

Eligible learners can study for free through the Productivity Places Program.

'The Productivity Places Program is a joint Commonwealth and ACT Government initiative offering funding for people who live or work in the ACT to undertake higher level qualifications in priority areas. Eligibility criteria apply.'

Learn on-line
